### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Shekleton, Gerald on 10/24/07.

The application has been amended as follows:

43. (currently amended) A method according to claim 41 43, wherein defining the relation comprises associating the features of a given color with a corresponding one of the user interface objects.

### ***Allowable Subject Matter***

Claims 41, 43-68, 70-76, and 78-82 are allowed.

Prior art either alone or in combination doesn't show or teach "defining a relation that associates the user interface objects with corresponding features in an image provided by a designer of the GUI, receiving the image from the designer, wherein the image comprises one or more of the features in respective positions, and determining the respective locations of the user interface objects based on the respective positions of the corresponding features in the image;" "the mapping being defined in terms of a relation that associates the user interface objects with corresponding features in an image provided by a designer of the GUI, and wherein the
